Painting Stripes as Micro Winds Down

CONSTRUCTION ACTIVITIES

Intermountain Slurry Seal made great strides in wrapping the micro surfacing. After Friday, other than a couple small areas, only Heart 'O the Hills remains to be surfaced. Center and fog lines were placed on Hurricane Ridge Road and half of Sol Duc Road. All of the parking areas on Hurricane Ridge and around the Sol Duc area and much of those around Lake Crescent were striped this week.

Rain is expected next week which will limit work to removing temporary tabs and placing signs. If the weather permits, Heart 'O the Hills Campground will be surfaced Monday and Tuesday. Striping Parking and Campgrounds will continue.
